Subject : Subcontractor Reference Letter
 Date : 25/11/2008

To whom it may concern

Dear Sir or Madam,

RE : ANKITECH - RENAISSANCE CAPITAL ESENTAL OFFICE PROJECT IN ALMATY

I am writing to you this reference letter as reply to ANKITECH. Although we were working on an accelerated schedule project, ANKITECH performed to an extremely high standard in Fire Suppression Works, HVAC Works, Plumbing and Equipment Installation in Renaissance Capital ESENTAL Office Project in Almaty. I recommend ANKITECH as a Specialist Company in above stated works and I would like to state that ANKITECH can deliver the works within the tight deadlines.

Best regards,

Hakan Ozakat

Deputy General Director - Technical

Date: 01/10/2018

Subject : Reference / Work Completion Letter
Project : Bitumen Plant / Samawah – IRAQ
Sub-Contractor : Ankitech

We hereby confirm that below works done by Ankitech and fulfilled all necessary requirements in high quality and without LTI.

- 14 each totally 1200 tonnes Bitumen and Auxiliary system tanks that are constructed with respect to API 650.
- 12.000 m3 Tank and Piping insulations and cladding works according to relevant design.
- 700 tonnes Piping (40 000 DIA - according to ASME 31.3) for pressurized air, fuel system and for other processing pipes
- Installation of Steel structures and Pipe Racks Erection. Total: 1400 Tonnes
- Main equipment installation, including Reactors and other pressure vessels according to (EN/ASME standards) totally 600 tonnes
- Installation of various type of calibrated control instruments and instrument testing.
- Installation of pressurized devices.
- Completion of other underground piping systems under the basis of design.
- Testing and Commissioning of Tanks

Thank you again for all your support especially for the duties which are not in your scope. We are looking forward to work with your well organization in future projects.

Best Regards

Mustafa Toprak

To whom so ever it may Concern

Date: 14th September 2016

This is to inform that, **Mr. Denis Surucu**, resident of Turkey is hard working, technically sound and have good potential to execute any large scale projects efficiently and with time Management.

I know him since year 2012. He is a good leader and takes people along with him

Wishing him good success in his career

Best Regard

Uday Dalvi

Project : AIR SEPARATION PLANT TEMIRTAU II – KAZAKHSTAN

222000 NM³/H OXYGEN (LOW PRESSURE) - LINDE

RE : Installation of The Pre-Engineered Low-Pressure Flat Bottom Storage Tanks.

1. Liquid oxygen storage tank – 2400m³
2. Liquid Nitrogen storage tank – 1000m³

TO WHOM IT MAY CONCERN

TOO Ankitech Kazakhstan (Ankitech) recently completed installation of the 2 nos. flat bottom tanks at the above referenced project.

Ankitech did an exemplary job in completing the installation of the work and meeting our schedule for the project. The high quality of work involved safe installation of pre-engineered outer shell made of mild steel and core inner storage tanks made of stainless steel. (As per API 620)

We are currently working with Ankitech on ASU 2 project and would be happy to see them on our future projects and would recommend them to others in search of a quality tank installation contractor.

Sincerely,

For CTA Chemie- und Tankanlagenbau GmbH & Co.
